SCHOOL

Remote Learning Policy

Date of issue: 22.02.2022
Review Cycle: Annual
Next Review Date: April 2026

Ripplevale School is owned and operated by Cavendish Education.

This policy is one of a series of school policies that, taken together, are designed to form a comprehensive statement of the school's aspiration to provide an outstanding education for each of its students and of the mechanisms and procedures in place to achieve this. Accordingly, this policy should be read alongside these policies. In particular it should be read in conjunction with the policies covering equality and diversity, Health and Safety, safeguarding and child protection.

All of these policies have been written, not simply to meet statutory and other requirements, but to enable and evidence the work that the whole school is undertaking to ensure the implementation of its core values:

Ripplevale School provides a caring learning environment where our students make meaningful progress, relative to their individual starting points. Our aim is to encourage them to develop appropriate personal, social and employable skills enabling them to become confident, independent and aspiring young people

While this current policy document may be referred to elsewhere in Ripplevale School documentation, including particulars of employment, it is non-contractual.

The school's policies, unless the specific context requires otherwise, the word "parent" is used in terms of Section 576 of the Education Act 1996, which states that a 'parent', in relation to a child or young person, includes any person who is not a biological parent but who has parental responsibility, or who has care of the child. Department for Education guidance [Understanding and dealing with issues relating to parental responsibility](#) considers a 'parent' to include:

- all biological parents, whether they are married or not
- any person who, although not a biological parent, has parental responsibility for a child or young person – this could be an adoptive parent, a step-parent, guardian or other relative
- any person who, although not a biological parent and does not have parental responsibility, has care of a child or young person

A person typically has care of a child or young person if they are the person with whom the child lives, either full or part time and who looks after the child, irrespective of what their biological or legal relationship is with the child.

The school employs the services of the following consulting companies to ensure regulatory compliance and the implementation of best practice:

- Peninsula BrightHR
- Peninsula BusinessSafe (Health and Safety)
- Atlantic Data (DBS)
- Educare (online CPD)

Ripplevale School is committed to safeguarding and promoting the welfare of children and young people and expects all staff, volunteers, pupils and visitors to share this commitment.

All outcomes generated by this document must take account of and seek to contribute to safeguarding and promoting the welfare of children and young people at Ripplevale School.

The policy documents of Ripplevale School are revised and published periodically in good faith. They are inevitably subject to revision. On occasions a significant revision, although promulgated in school separately, may have to take effect between the re-publication of a set of policy documents. Care should therefore be taken to ensure, by consultation with the Senior Leadership Team, that the details of any policy document are still effectively current at a particular moment.

The welfare and safety of children however are the responsibility of all staff in school and ANY concern for a pupil's welfare MUST be reported to the Designated Safeguarding Lead.

In the event DSL is unavailable a Deputy DSL must be contacted.

In order to protect confidentiality, safeguarding information about individual children is shared on a need to know basis only, however, what may seem to be a minor issue to one staff member, may be highly significant to the bigger picture of risk, and therefore this information is often shared.

All safeguarding concerns must be reported to the DSL at the earliest point via the class charts reporting system and via telephone while working from home.
